

## Reginald Sixpence, the "Clockwork Baron"

Reginald Sixpence, also known as the "Clockwork Baron" is one of the cherished guests at the annual Masked Ball hosted at the Sexy Brutale casino mansion.

During an event usually filled with drinks, dancing and delicacies, the most exciting part of Reginald's evening is almost certainly being shot messily to death with a rifle in the mansion's chapel by one of the staff members.

But then, a horrible death is rather the fate of ALL the guests at the mansion at this particular party; perhaps the only truly strange thing is that tomorrow he'll wake up and do it all over again.

Yes, for some, a never-ending masked ball that is the height of fashion (but also plumbs the depths of depravity) would be heaven on earth - but for others, it's a hell that cannot be escaped.

But perhaps there is still hope.

As an elderly priest and the sole guest who seems unaffected by the time-loop, Lafcadio Boone must watch, wait, learn and act to free these poor souls from the last party of their lives.
